What are the Key Awards?

The Key Awards are a celebration of excellence within the apartment industry in northern Ohio. The awards recognize property owners and managers of communities that achieve the highest standards of property management professionalism.

Winners of the Key Awards demonstrate to their communities, residents and peers that their property has the physical qualities, marketing creativity and management caliber necessary to be called one of Ohio's best!

Join in the excitement and enter your property in the seventh annual Key Awards program. Show your customers - and competition - that your property

has what it takes to be an outstanding example of apartment living in northern Ohio.

In continuing with last year's successful changes, there will be 33 awards: 15 Platinum Key Awards for the best of each category, 15 Gold Key Awards for the runners-up, and 3 specialty awards including Property of the Year, Manager of the Year and Customer Service Hero. Silver Key Awards will be given to properties scoring over 80 percent but they will not be presented on stage.

This year's awards will be aired on Time Warner Cable and Cox Communications. We want the entire northern Ohio region to see how hard our members work for their residents!
