Advertising in Suites is Beneficial

Suites Magazine is published quarterly with up to two additional issues each year. Advertising in Suites is the most targeted and cost-effective way to reach all of the owners and managers of multifamily properties in Northeast Ohio. Suites is mailed to all NOAA members and is given to new and potential members. A benefit of advertising in Suites is the potential option of contributing an article to the magazine which is geared toward Primary Members and focuses on industry news, current events, and other topics of interest for property management.

Rates and Sizes

Suites will be published up to six times a year. If you agree to advertise for a full year, you will receive a 10% discount.
