

Northeast Ohio Apartment Association

DOES YOUR SUITE

STINK?

ELIMINATE Odors Caused By:

- Pet Urine
- Mold
- Mildew
- Cigars
- Incense
- Cooking
- Cigarettes
- Carpets

Odor Shocker Plus

This product addresses all your odor needs. Guarantees odors will be safely eliminated and will not return.

The same product featured in the Fall 2009 issue of Suites, Problem Solving: Odor (page 18), is now available in self-use pouches!

Safe. Easy. Effective.

- Most effective biocide available.
- Kills more types of bacteria and pathogens more quickly.
- Does not produce any harmful residual or carcinogens.
- Does not react with or damage any other materials in the treatment area.
- Environmentally friendly, (breaks down into a simple salt).

How it Works:

The unique micro-reactor pouch contains chlorine dioxide. When activated with warm water it becomes a vapor that is scientifically designed to release slowly or rapidly in the air; attacking, penetrating and eliminating odor causing bacteria and other harmful pathogens at their source.

The Active ingredient, Chlorine Dioxide (ClO₂), is a very effective chemical in the fight against eliminating pathogens; yet it remains extremely safe for people, pets and the planet.

\$180
CASE

12 Applications / Case.
1 case treats about 4 -
2 bedroom suites!

Applications:

Slow Release: A "Maintenance" pouch that is designed to slowly treat the area. Great for hallways, trash areas, activity rooms. This packet will control bacteria and odor for up to 30 days.

Fast Release: Fast active "Room Shocker" packet quickly and effectively generates a high concentration of ClO₂ gas, safely penetrating the affected area. The versatility of the Fast Release makes it an effective solution for controlling odors related to pets, tobacco, cooking, mold, mildew, incense. This packet requires 24 hours in a sealed room.

Each micro-reactor pouch contains enough chlorine dioxide vapor to treat up to 400 sq. ft. The average 2 bedroom apartment would require about 3 pouches.

Avanflex Solution: Mix the Avanflex pouch in 3 gallons of water to create the highest level cleaner, deodorizer. Use with the Fast Release pouch for maximum suite deodorization!
